## SKILLS

- **Languages:** C++, JavaScript, PHP
- **Frameworks:** HTML and CSS, NodeJs, React
- **Tools/Platforms:** Git/GitHub, Linux, Weebly, MySQL, MongoDB
- **Soft Skills:** Teamwork, Problem-Solving, Interpersonal Communication
- **Marketing Technologies:** SEO(Search Engine Optimization), Keyword-Research, Google-Analytics

## TRAINING

### Coding Spoon:

June - July 2024

Data Structure and Algorithm using C++:

- Completed a comprehensive training program focused on data structures and algorithms.
- Gained hands-on experience in implementing various data structures such as arrays, linked lists, stacks, queues, trees, and graphs.
- Enhanced problem-solving abilities by applying algorithm design and analysis, focusing on various sorting and searching techniques
- Developed a comprehensive hotel management system to streamline operations and enhance customer experience.

## PROJECTS

### ATS Score Checker:

Jan - Mar 2025

- Developed an advanced ATS resume checker using the MERN stack, enabling job seekers to analyze and optimize their resumes for better ATS compatibility.
- Designed a fully responsive UI with dark mode support, ensuring an optimized user experience similar to Enhancv.
- Optimized backend processing with asynchronous resume parsing and real-time progress updates via WebSockets.
- Conducted performance optimizations, reducing resume analysis time and ensuring smooth operation across devices.
- Enabled PDF & DOCX processing with pdf-parse & Mammoth.js, ensuring accurate text extraction & content validation.

**Tech:** MERN Stack (MongoDB, Express.js, React.js, Node.js), PDF-Parse, Mammoth.js

### Online Food Delivery System:

Aug - Dec 2024

- Built a user-friendly interface using HTML, CSS, and JavaScript to enhance customer experience.
- Implemented backend functionality with PHP to manage user authentication and order processing.
- Designed and maintained a MySQL database to store user accounts, restaurant listings, and order details.
- Integrated real-time order tracking to provide users with updates on their deliveries.
- Integrated secure payment processing to facilitate smooth transactions for users.
- Performed testing and debugging to ensure the application runs efficiently and reliably.

**Tech:** PHP, JavaScript, CSS, MySQL

## CERTIFICATES

- Server side JavaScript with Node.js by Coursera April - May 2024
- HTML, CSS, and JavaScript for Web Developer by Coursera Mar - April 2024

## ACHIEVEMENTS

- **4 Star Rating in C++ on HackerRank** Mar - May 2024
- **LeetCode: Solved more than 150 coding problems** Since Jan 2024
- **Capture The Flag (CTF) Hackathon** April 2023

## EDUCATION

- **Lovely Professional University** Phagwara Punjab  
BTech(CSE); Since June 2022
- **Lucknow Public College** Lucknow, Uttar Pradesh  
Intermediate; April 2021 - March 2022
- **Don Bosco High School** Mahmudabad, Uttar Pradesh  
Matriculation; April 2019 - March 2020
